station staff = safety + security + service

Fewer station staff means:

- a less safe London Underground
- less information and help during delays and disruptions
- it will be harder to evacuate stations quickly and safely in the event of an emergency eg. fire, crash, bombing
- less help for disabled, elderly and other vulnerable passengers
- less chance of you getting the help you need with directions, information, lost property, accidents or other issues
- less deterrent to assault, vandalism and other harmful behaviour
- you will feel less secure travelling around London Underground

Shorter ticket office opening hours means you will not be able to get a ticket seller's help when:

- you have a problem with your ticket or Oyster
- the ticket machines are not working (which will happen more often with fewer staff to service them)
- you need to buy a ticket that is not available elsewhere
- you believe that the ticketing system has treated you unfairly
- your ticket or Oyster does not work
- you want the 'personal touch' in dealing with your issue
